

Dytec/East

Electronic Manufacturers Representatives

Automated Test Solutions, General Purpose Test & Measurement and Data Acquisition Products, RF/Microwave, Wireless & Fiber Optic Testing

	<p>RF/Microwave Active Devices for Signal Processing Components and Subsystems</p> <ul style="list-style-type: none"> Mixers, Amplifiers, Up/Down Converters, Single Sideband Modulators, Repeaters, Threshold Detectors & Log Amplifiers, Power Divider/Combiners and Couplers. Specializing in custom designs & manufacture built-to-print products
	<p>ELGAR Sorensen California Instruments AMREL</p> <p>AC Power Supplies - Programmable and manual from 100VA to 480kVA DC Power Supplies - Bench and rack mount 60W to 30kW to 150kW systems DC Linear Power Supplies - 5V to 350V / 0.2A to 50A AC/DC Loads - Chassis/modular AC/DC load systems DC Electronic Loads - 10 to 1000V / 60W to 360kw</p>
	<ul style="list-style-type: none"> RF/Microwave Products - Spectrum & Vector Network Analyzers, Power Meters, Signal Sources/Synthesizers, Cable/Antenna Solutions in Handheld & Benchtop Platforms Mobile & Wireless Test - Solutions for Cellular, Mobile Radio, Bluetooth, 802.xx, Telematics & Next-Gen Wireless Test Optical Test Products - IP Ethernet Testers, BER Instruments & Eye Pattern Analyzers, Power Meters, OSAs, OTDRs, Signal Integrity Testers & DataCom <ul style="list-style-type: none"> Precision Microwave Components and Accessories
	<p>A Complete Test Solution Provider - specializing in custom solutions or unique customer requirements with:</p> <ul style="list-style-type: none"> Racal Instruments™, Talon Instruments™, Tabor Electronics™, Kinetics Systems™, TYX, Trig-Tek and National Instruments™ Products <ul style="list-style-type: none"> Universal Switching Systems • Digital Test and Systems, VXI Chassis, Modules & Instrumentation • Functional Test Solutions & Integrated Systems • VXI,PXI,LXI Platform Integration/Logistics/Consulting/Software
	<p>High Performance Test and Measurement Instruments for High-Speed Optical Communication</p>
	<p>Bus analysis, embedded test solutions and the industry's broadest line of JTAG/boundary-scan software and hardware products Custom test systems and system integration services</p>

	<ul style="list-style-type: none"> • Frequency Synthesizers, Low-Phase Noise, Fast Switching • Modular or Rack Mount Models up to 24 GHz • Multiple Output Frequency Synthesizers, Phase Coherent • Phase Noise Analyzers, Best Performance, Fast Measurements
	<p>Manufacturer of Signal Conditioning, Analog/Digital I/O, Digitizers, Multi-Function Modules, Relay Multiplexers, Counter & Pulse Outputs and Mainframe and Chassis for the cPCI/PXI, VXI and Legacy Platforms for the Aerospace & Automotive markets Sold EXCLUSIVELY Through Astronics Test Systems</p>
	<p>Formerly CableTest, specializes in Electrical Interconnect Test Solutions used in cable, harness & system production, final assembly & troubleshooting. Servicing the Aerospace, Rail, Automotive, and Medical Device markets with scalable, turn-key solutions from 128 to 100,000+ test points. Low voltage to 15kVAC. Continuity, LCR, Hi-Pot, IR, TranZorb, Backplane testing & Fault Localization.</p>
	<p>Time and frequency standards, time code generators, RF distribution amplifiers, digital distribution amplifiers, time code distribution amplifiers and redundancy switches</p>
	<p>Passive Microwave Components – Power Dividers/Combiners, Directional & Quadrature Couplers, Fixed Attenuators, Terminations, Filters & Diplexers, Surge Protectors, Isolators & Circulators, DC Blocks, Bias Tees, Rotary Joints, Delay Lines & Phase Shifters, Hybridline™/Couplerline™, Cables and Assemblies Optical Components – Laser Diodes, Fiber Optic Connectors, Cables & Assemblies</p>
	<p>Arbitrary, Function and Pulse Waveform Instrumentation - Waveform Generators, Waveform Creation Software, Universal Counter/Timers and Synthesizers Sold EXCLUSIVELY Through Astronics Test Systems</p>
	<p>Provides an out-of-the-box, complete, dynamic software platform for <i>all</i> your test operations. Supports NI Lab VIEW, NI TestStand, ATEasy, C#, C++, Visual Basic, Matlab and Python. Acquire. Analyze. Adapt. Advance</p>
 <p>(not in Michigan)</p>	<p>Climate Test Chambers; temperature, climate, vibration, corrosion, emissions, altitude, pressure or combined stress testing, we have the right solution and can supply systems in all sizes. From series products right through to customer-specific, process-integrated systems. Industrial heating technology; a broad range of heating and drying cabinets, cleanroom dryers, hot-air sterilizers, infra-red and continuous furnaces, and innovative microwave technology too. Air-conditioning technology; Optimal climatic conditions – in industrial production processes, in cleanrooms, in hospitals or in information and telecommunications technology – we provide our customers with efficient, energy-saving cleanroom and air-conditioning systems. Clean-air and containments solutions; A range of products that includes barrier systems, weighing and filling cabins, sampling cabins, laminar flow systems, safety workbenches, isolators and airlock gate systems</p>
	<ul style="list-style-type: none"> • Wideband Single & Multi-Phase Power Analyzers - Ballast Analyzer Test Systems , • DC Voltage/Current & Thermocouple Calibrators & Phase Angle Voltmeters • Programmable DC Loads for LED Driver Testing & Digital Milliohmmeter

Dytec East, 1855 Rohlwing Road, Suite C, Rolling Meadows, IL 60008
